Outlook Horoscope

Aries (Mar. 22-Apr.20)

You might have grown accustomed to repetitive waves of energy that continue to surge through your life these days. But the Moon's current visit to your sign is another reminder of the big changes that are unfolding right before your eyes.

Taurus (Apr.21-May 20)

Social commitments pile up on your calendar, making you realize that you don't have much time to spare. You might need to clarify your boundaries by emphatically saying no if you have spread yourself too thin.

Gemini (May 21-June 20)

You want others to think you are happily embracing the future as you smile your way through the day. You might pretend that all is well now, but you're probably afraid of being misunderstood if you tell others how you really feel.

Cancer (June 21-July 20)

Although you recently were comfortable swimming in emotional waters, it seems as if you're being hauled up onto dry land now. It's time to act on your feelings instead of just passively experiencing them.

Leo (July 21-Aug. 21)

You are handed a "Get Out of Jail Free" card today, and your confidence soars as you imagine all the possibilities ahead. There's little that can hold you back as the fiery Aries Moon joins rebellious Uranus in your extroverted 9th House of Big Ideas.

Virgo (Aug. 22-Sep 22)

You might be frustrated with your own fluctuating moods today. You're itching for new experiences even if you're constrained by promises you made in a relationship.

Libra (Sep 23-Oct. 22)

The line between commitment and codependency is hard to define today because it's your natural inclination to make other people happy. But the Moon's presence in your 7th House of Relationships is a stark reminder of how difficult it is to be true to yourself when someone else is an integral part of your life.

Scorpio (Oct.23-Nov.22)

You are exploring new territory close to an unfamiliar emotional edge today, but it might be smart to keep your feelings to yourself. Your patience has run out and you are nearly ready to do something that you'll probably regret.

Sagittarius (Nov.23-Dec.20)

You're feeling lucky enough to win the lottery today, which could tempt you to gamble more than is prudent. Maintaining a positive attitude is always a wise strategy, but your unflagging optimism might be too much of a good thing now.

Capricorn (Dec.21-Jan19)

You can see the distant horizon now and your ambitions propel you toward your destination. However, your foundation may be weak if you don't trust your own perceptions.

Aquarius (Jan 20-Feb.18)

You may spend your day running around in circles, distracted by one thing after another. Anything that's new and different reminds you that breaking free from routine is always an option.

Pisces (Feb.19-Mar.20)

You might be having trouble completely letting go of your past and fully immersing yourself in the next phase of your journey. However, it's crucial to accept the feedback you receive from the universe at this time.
